CONSIGNMENTS ARE SOLICITED FOR THE FOLLOWING SALE:

Michigan State Fall Show, November 23-24, 1979, Dearborn, Michigan

HOT AIR PAGE

We have deviated from our normal auction schedule and format to present this specialized sale of Austrian and German coins. Three different collections became available to us at this time and we felt that they complimented each other well enough to warrant a specialized sale. We enjoy cataloging, publishing and auctioning extensive good collections such as these and the Sobin Sale. If any of you have similar large collections which you are considering selling, we would be pleased to discuss the possibilities of future special sales.

We have taken great pain to be accurate in describing lots. I personally either cataloged or verified all lot descriptions with the actual lots. This catalog has a limited distribution. Only our subscribers and bidders with a known interest in this type of material will receive this catalog. I might mention a small point regarding mail bidding which may be of interest to active bidders desiring to obtain particular lots. At your discretion, you can indicate to us that all your bids may be increased up to and by a certain percentage or that only specific lots may have their bids increased by a particular percentage. We have generally tried to use accurate estimates on the lots documented by auction records although I am sure you will find some conservative and others possibly high. Additionally all lots appearing in this sale are without reserve with one exception. I would suggest that bids of less than 80% of estimate have little chance of being successful.

We selected a July sale date to allow people from both Coasts and abroad to include this auction in combination with their ANA travel plans. Many direct and connecting flights service Lansing daily via United and North Central Airlines.

The auction will be held at the Hilton Inn, Lansing. We would be pleased to make reservations for you if you wish. I would be happy to have all registered floor bidders as my guests for lunch on the day of the sale. For those planning on attending this sale, lots will be available for inspection the day prior to the auction at the Michigan National Bank, 300 Frandor, Lansing. On the day of the sale itself, the lots will be on display in the auction room beginning at 9:00 a.m. and during the actual time of the sale. We will be delivering lots during and after the session. Additionally George Beach will be acting as our agent from his table for delivering lots at the ANA Convention to mail bidders who want to utilize this service. Please let me know if you desire to have delivery at St. Louis.

In closing, I would like to remind you that there is still time to include any of your high quality U.S. or world numismatic material in our upcoming September INS auction. Please feel free to contact me directly by calling and telling my secretary that you wish to talk about a consignment. I feel that my firm offers a consignor a better return than any other auction house in North America or Europe. We do have several competitive advantages which can not quite be matched either by cut rate commissions or large capital backing. Our large number of repeat consignors attest to this.

Have a Good Summer!
